EXPERIENCE

React Native Developer

Mar 2024 - Jan 2025

nbinfoartech (Startup)

- Developed a functional food delivery app, implementing real-time data fetching like restaurants details using Restful APIs and cart functionality for Android .
- Optimized app performance, reducing load time by 30% using React Native best practices.
- Integrated Google Maps API for user location tracking and restaurant navigation.

Website Developer

July 2023 - Feb 2024

Freelance Frontend Developer, Intern

- Designed and developed dynamic websites using WordPress, enhancing user experience and responsiveness.
- Customized WordPress themes and plugins to meet business requirements.

PROJECTS

Hungreli Food Delivery App. Built a full-fledged food delivery mobile application using React Native. Implemented user authentication, restaurant listings, cart functionality, and order tracking. Integrated Google Maps API for real-time location services.

Admin Panel. Developed an admin panel using React and PHP to manage restaurants, food items, user orders, and reviews. Implemented role-based authentication for secure access.
